Dear Ms. Dortch:

On February 8, 2011, the Commission adopted a Notice of Proposed Rulemaking and Further Notice of Proposed Rulemaking seeking comment on proposals to fundamentally modernize the Commission's universal service fund and intercarrier compensation system. Today, Connectiv Solutions submits for examination the results of a recently completed study pertaining to access stimulation, also known as traffic pumping. This information may be useful to the Commission as it considers this issue in the aforementioned dockets.

Sincerely,
